**A** **COMPREHENSIVE REVIEW OF THE CALIFORNIA PREVAILING WAGE** statutes and regulations including new developments that can subject you to penalties and liability. We will show you how to follow the statutory requirements and take advantage of contractual protections. Receive practical advice for dealing with enforcement procedures.

### SEMINAR HIGHLIGHTS:

- What the apprentice requirements are on public works projects;
- How the California prevailing wage statutes differ from the federal Davis Bacon Act;
- How to determine if a “private” project requires the payment of prevailing wages;
- How to ensure that your subcontractors comply with the prevailing wage statutes and how to avoid penalties if they don't; and,
- What to do if the California Division of Labor Standards Enforcement or the U.S. Department of Labor conducts an investigation or issues a wage assessment
